Experience energy-efficient computing in a miniature form factor with the ZOTAC NM10-ITX WiFi mini-ITX platform. The ZOTAC NM10-ITX WiFi platform delivers plenty of performance for everyday tasks such as web browsing and e-mail while consuming minimal amounts of energy for true eco-friendly computing that's smart and sensible.

The ZOTAC NM10-ITX WiFi packs everything you need into a mini-ITX form factor including an Intel® Atom processor and Intel® NM10 Express chipset – a combination that delivers class-leading energy-efficiency and performance. From the Microsoft® DirectX® 9 and OpenGL® 1.5 compatible Intel® Graphics Media Accelerator 3150 graphics processor to the PCI Express x1 and mini PCI Express expansion slots, the ZOTAC NM10-ITX WiFi is the best choice for a no compromise eco-friendly computing experience.

Model	Zotac NM10-A-E
Type	Mini-ITX Mainboard
CPU	Intel Atom D510 (Dual Core) 2x1.66Ghz, FSB 667Mhz / Intel NM10 Express Chipsatz

Graphics	Intel Graphics Media Accelerator 3150 DirectX 9 / Open GL 1.5
RAM	2x DDR2 667/800 RAM (4GB max)
Power connector	20 Pin ATX
Connectors (external)	- 6x USB 2.0 - 1x PS/2 (Keyboard) - 1x HDMI (HDCP compliant) - 1x VGA (DSUB-15) - Audio - 1x LAN 10/100/1000 MBit - 2x Digital S/PDIF (1x optical, 1x coaxial)
SATA	2x SATA
Connectors (internal)	- 2x MiniPCle (one occupied by WLAN 802.11n module) - 1x PCI Express x1 - 2x USB 2.0 - 2x SATA - 1x RS232
Scope of supply	- Zotac NM10-A-E - I/O ATX rear plate - 2x SATA cable - 1x SATA Power cable - WLAN Antenna + MiniPCle 802.11n module - Quickstart-Guide - Drivers CD
Dimensions	17cm x 17cm
