Simple, but efficient : With this enclosure you take full advantage of the small form factor of the Intel DN2800MT Half-Height mainboard. And with its dimensions of only 199x180x39mm it has, with an internal volume of less than 1.4 liters, room for one 2.5" harddrive or SSD drive. The enclosure can be operated fully fanless with the Intel DN2800MT even under full load in continuous operation.

The enclosure also can be equipped with other Thin-ITX mainboards.

Optionally available accessory :

- Stand
- VESA screws for installation on TFT/LCD/Plasma/... with VESA-100 drilling.

Technical data :

Drives : 1x 2.5"

Front-connectors : 2x USB 2.0, 1x earphone, 1x microphone

Front-buttons : Power, Reset

Front-LED : Power, HDD
Dimensions : 199 x 180 x 39 mm
