**Palm-Size PC**

Smaller than a lunchbox and less volume than a large soda can, it is the smallest mini PC in its kind. With 0.8 liter case that still provides all the elements of a desktop-worthy PC

**Quiet Operation with Fanless Design**

With completely cool, fanless design. It prevents the attraction of dust preventing overheating issues and also reduces malfunctions and increases the life-cycle of your mini PC.

## Energy Efficient for Power Saving

We keeps the environment in mind, and delivers incredible energy efficiency thanks to an ultra-low power design that draws as little as 6W at idle– as much as an light bulb.

## For All Your Devices with Type-C Connect

It delivers data transfer speeds up to 5x faster than older USB 2.0 connections! With reversible USB Type-C™ connector design that makes connecting devices simple and quick.

## Easily connect to a wide variety of devices

With complete I/O design ,especially features five easily accessible USB ports, including one reversible USB 3.1 Gen1 Type-C port. It also has variety video output HDMI 1.4 and HDMI 2.0 option. In addition, it has the latest 802.11ac Wi-Fi, Bluetooth 4.2, and a Kensington lock.

## GPIO : For Maker , For you

For professional developers it reserved GPIO control interface, it can be an external mainstream solutions such as: PLC + human-machine interface, remote control, virtualized I / O applications, and support for ADC (Analog-to-Digital Converter).

## Ultra-compact PC with dual-storage design

With features 64GB eMMC + 2.5” HDD dual storage design. It offers eMMC 5.1 & high-capacity HDD support. And with Windows 10 built-in OneDrive, it's easy to connect the local storage and cloud backup to have the best of both worlds.

## The Best 4K Visuals with HDMI 2.0

Featuring Intel HD 600 series integrated graphic, it supports revised video engine, playing 4K video smoothly and give you ultra-realistic visuals with HDMI 2.0 video output.

## Easy to Upgrade

If you want to upgrade your mini PC ,all need you have to is remove 4 screws at the bottom cover to gain access and replace the M.2 WiFi, memory modules and 2.5” HDD storage slots. It's just that simple.

## **PLATFORM**

Intel® Celeron® N4000

## **MEMORY**

2x SO-DIMM Memory  
DDR4 Up to 8GB

## **STORAGE DEVICES**

1x eMMC 64GB  
Support 1x 2.5” HDD/SSD

## **AUDIO**

1x Combo Jack  
1x Digital Mic

## **LAN**

1x Gigabit LAN

## **USB**
