Lightning Speed

Latest 10th Gen Intel® Core™ processors feature evolutionary enhancement on the performance and up to 6 cores allowing you to do daily computing task smoothly and more efficiently.

Blazing Connectivity

802.11ax MU-MIMO provides higher connection speeds up to 10GBps, greater efficiency of data transmission to stream high quality movies and YouTube videos among multiple devices simultaneously.

Get More Done with Alexa

Thanks to four digital microphones built in the system, it recognizes sounds clearly and better to let you manage to control tasks on PC easily through the voice.

Vibrant Visuals

4K resolution at 60 fps gives four times as many pixels as the commonly used 1920 x 1080 resolution presenting much more vivid and clear visuals.
