Utilizing the SATA III 6Gb/s interface and the latest 3D NAND technology, Transcend's ultra-compact M.2 SSD 430S is ideally suited to meet the high-performance requirements and strict size constraints of small form factor devices. Utilizing high-quality flash chips and advanced firmware algorithms, the Transcend M.2 SSD 430S offers unparalleled reliability.

- 550 MB/s read speed - 450 MB/s write speed
- Long endurance
- Lower power consumption
- Easy installation without additional drivers

Schnittstelle	SATA III 6Gb/s
Flash-Typ	3D NAND Flas
Kapazität	256 GB
Sequenzielles Lesen/Schreiben (MB/s, max)	530 / 400
Abmessungen (BxLxH)	42,0 mm x 22,0 mm x 3,58 mm (1,65" x 0,87" x 0,14") / 5g
Umgebung	Vibration: 20G @7~2000Hz Schock: 1500G @ 0,5ms Betriebstemperatur: -40°C ~ +85°C MTBF: 2.000.000 Stunde(n)
Zertifikate	<ul style="list-style-type: none"> • CE/ • UKCA/ • FCC/ • BSMI/ • KC/ • RCM
