The D3633-S mITX motherboard offers the perfect solution for all industrial requirements and supports the powerful Intel® Core™ i9/i7/i5/i3 (8th/9th Gen) and Intel® Pentium®/Intel® Celeron® processor series. Equipped with the high-performance Intel® Q370 Express chipset, it guarantees maximum functionality in a compact form factor with Intel® AMT 12.0 and vPro support, dual Intel® GbE LAN, and BIOS-configurable PCI Express® lanes. It is designed and approved for extended operating temperatures up to 60°C and for 24/7 continuous operation.

- Intel® Q370 Express Chipset
- Intel® Core™ i7 / i5 / i3 - 8th Gen processor series
- Intel® Pentium® / Intel® Celeron® processor series
- Socket LGA1151 - up to 95W TDP
- DDR4-2666, Dual Channel
- 2 SO DIMM sockets, up to 32GB memory
- Supporting Intel AMT 12.0 / vPro
- PCI Express x16 (Gen.3)
- 2x Intel® GbE LAN (incl. Teaming)
- Intel® UHD Graphics (DX12)
- 1x DVI-D, 2x DP V1.2, eDP V1.4 and Dual Channel LVDS
- Intel® High Definition 5.1 Audio; Infineon TPM V2.0
- 8 Bit GPIO; 2 x COM port (incl. RS-422/RS-485 support)
- 6x USB 2.0, 4x USB 3.1 Gen1, 2x USB 3.1 Gen2, 1 x USB 3.1 Gen2 stick socket

- 4x SATA 6G/s incl. RAID support & M.2 (PCIe-based SSD modules 2242, 2260, or 2280)
- Mini-PCIe socket (halfsize/fullsize support)
- Dual Power Supply (ATX compliant or single 12V DC)
- BIOS-POST/-Boot & OS - HW Watchdog onboard

Scope of Supply:

- Mainboard
- I/O shield
- Drivers-CD
